Dear Madam,

To remove a registered course unit from the FOSMIS

I registered English level 3(ENG3101) course unit at the beginning of 3rd year's 1st semester. It isn't a compulsory course unit for a general degree. But it again showed to register in 3rd-year 2nd-semester course units' registration. I didn't register again for the ENG3101 course unit. Because I knew that I had already registered for the ENG3101 course unit at the beginning of the 1st semester.

As a result of it, the Eng3101 course unit wasn't printed on my admission card and also I didn't sit for the examination of the ENG3101 course unit. Anyway, this course unit is also visible in FOSMIS(2019) and FOSMIS(2020). I want to remove the ENG3101 course unit from the list of registered course units section in FOSMIS. I kindly request that you remove the above-mentioned course unit from FOSMIS(2019) and FOSMIS(2020).

.....

Faithfully,
[Thanuka Kumara]
